

CHDR snapshot

2024-2025

Now entering its fifth year of operation, CHDR has emerged as a **national leader in social exposome research** informing precision health interventions, therapies, and prevention strategies; unlocking disease mechanisms; and advancing science, research, clinical practice, and policy toward achieving equitable health outcomes.

This factsheet summarizes the Center's accomplishments from July 1, 2024 to June 30, 2025 (FY25).
